- Johnsons MME Financial Advisory operate on a fee for service basis for all work completed with fees based on time and our hourly rates. Who are we?

- Johnsons MME Financial Advisory was established with the aim of **helping clients build, manage, and preserve their wealth.**
- Johnsons MME Financial Advisory Pty Ltd is a subsidiary company of Johnco Nominees Pty Ltd, which trades as Johnsons MME Chartered Accountants, a locally owned multi services firm based in Albury/Wodonga providing accounting, taxation and audit and assurance services. Johnsons MME Financial Advisory provides financial services under our own Australian Financial Services Licence (AFSL), number 353848.
- We offer a variety of services including advice covering investments, superannuation and retirement planning, Self-Managed Superannuation Funds (SMSF's), direct equity advice and transactions, estate planning, aged care, and personal insurances.
- By having our own Australian Financial Services Licence, we are better able to offer financial planning advice and access investments for our clients, free from commissions and the confines of larger financial institutions.

Our Process

Our process of providing advice is designed to ensure that we know your current personal and financial situation as well as we possibly can.

There are often many different strategies that can be used in designing a financial plan for someone. By getting to know and understand you, we can ensure we know everything that we need to know to prepare fully informed advice.

- **Step 1. Initial Meeting-** We want to understand your motivation for seeking advice and ensure that we are in a position to provide the services you require.
- **Step 2. Scope of advice & Engagement-** This involves us reviewing your current position and outlining some of the options and strategies that may be appropriate for you. If we think we can help and you are happy for us to prepare written advice we will seek a formal engagement, confirming the scope of the engagement, with a fee quote or fee estimate.
- **Step 3. Complete Fact Find-** Our Fact Find is where we record everything we know about your personal and financial situation, goals, and objectives. We will work through this to ensure we know everything that we need to know about you to prepare fully informed advice.

- **Step 4. Detailed Strategy & Research-** This is what we do best. This is our design phase, where we use our technical skills to design, test and model strategies and product solutions tailored to your needs.
- **Step 5. Present Statement of Advice-** The Statement of Advice is a written record of our formal advice to you. It outlines a summary of your current situation, what our recommended strategy, investment or insurance solution is, why we recommend what we do and why it is in your best interests. This document also outlines any upfront and ongoing fees that may apply to your particular recommendations.
- **Step 6. Implement Strategies-** Whether we go ahead with what we initially recommended or work together to tweak the strategy recommended, effective implementation of strategy investment and insurance recommendations is important.
- **Step 7. Ongoing Review-** Our ongoing review services are not compulsory but are generally recommended. Our review services are designed to ensure that your strategy, investment, or insurance solutions remain current, relevant, and as effective as they can be, given ongoing changes in your personal situation, the legislative environment and investment markets. We have a range of options to suit most people which are detailed in the ongoing services section.

Documents you may receive

Letter of Engagement

A Letter of Engagement formalises the services that we will provide including the scope of our advice and a fee quote or estimate for these services.

Statement of Advice (SoA)

If your adviser provides personal advice tailored to your personal circumstances and needs, you will receive a Statement of Advice (SOA). The information contained in the SOA will help you make an informed decision in relation to the advice provided. It also sets out the advice, the reasons for the advice and how we are remunerated.

Record of Advice (RoA)

If you were previously issued with a SoA, certain circumstances may allow the provision of further advice without the need for a further SoA. Where this is the case, you are entitled to request a Record of Advice (RoA) within 7 years after the advice was provided. The RoA can be requested from your Adviser and will detail the further advice and the basis of those recommendations.

Additionally, in certain circumstances where you are provided advice on a small investment balance or strategy advice only, you may be issued with a Record of Advice (RoA). Your adviser is required to provide you with a copy of the RoA in this circumstance, which will outline the advice, the reasons for the advice, and details about any remuneration payable.

Product Disclosure Statement (PDS)

You will receive a Product Disclosure Statement (PDS) if your adviser recommends a financial product or offers to arrange the issue of a financial product on your request. The PDS contains information about a financial product's features, fees, benefits, and risks.

Initial Advice

For all new work our advisers will provide a fee quote or estimated fee range. This will be detailed in a Letter of Engagement that will outline the services that we are to provide to you once we have confirmed the scope and nature of the advice. This fee quote or estimated fee range will be based on our estimated time and hourly rates.

Ongoing Services

Ongoing service fees will be detailed in an ongoing review agreement which outlines any ongoing services we are to provide, the fee for these services and how this fee will be payable.

Our preference is to provide an invoice for the services provided and have fees paid directly to us by you. We see this as being professional and transparent.

In some circumstances, if preferred by you, we can have the fee deducted from your investment/product. Our minimum fees, hourly rates and ongoing service options are detailed in the 'Our service fees' section of this guide.
